Sweden accepted under protest. So England knew what was in the

runk. The United States, of course, was advised.

How long the Luxberg messages have been in possession of this country is a matter of mystery. It was stated definitely by an official today that this country has proof of their having been delivered at Stockholm. It has not been more than a few weeks, however, in only on here, since they reached o opinion here, since they reached Washington.

Wall Street Advised.

That the State Department was about to make a disclosure of inter-national moment was nosied about arly today. Wall Street got it with the narket opening. All hints of the nature of the news was concealed, nowever, until just before 1 o'clock, hen the anouncement was made. The expose is halled as the greatest revelation of the attitude of the Ger-man autocrats yet made. The advice, given direct to the powers in Berlin, that murder on the high seas be comnitted against the subjects of a neu on, because that nation happened to protest against the sinking of its ships and because Germany wanted to keep some foothold in uth America, is regarded as "one the reasons why America is at

which listens to and acts upon such counsel, which plots such crimes,"

counsel, which plots such crimes, said a high official.

At the neutral embassies and legations comment was interested, but reserved. The allied powers already knew of the notes, it is said they had been advised by the State Department of the knowledge at its hand.

Sweden Pro-German. Sweden is notoriously pro-German in its government and has been through

out the war. Re-export of food brought from the United States to "starving Sweden" has been proven time and again, but the curvits were too expert for even the Briti. blockade. Copper has gone the sale way.
When America first began to talk
embargo, the Swedes sent a mission
here headed by Dr. Lagercran. Today's disclosure seals the fate contact mission's representations. They want ed food and coal and steel and likinds of other supplies. Meanwhil they were shipping their own similar

products to Germany and using the American materials they did not reexport for their own use.

The Argentine acting minister of foreign affairs referred to in one of the Luxberg messages as "a notorious ass and anglophil" was said at the embassy today undoubtedly to be Honorio Puesredon, an intellectual and university dean.

Two Amendmends Yet to souri, Dispose of Before Final Ballot Begins.

Although two important matters are et to be considered before the Sen ate votes finally upon the war revenue bill, that body yesterday postponed decision upon these matters until tomorrow, the same day the whole bill must be disposed of.

First of these sections is the "con sumption taxes," which imposes 2 sumption taxes, which imposes 2 cents per pound upon coffee, 5 cents upon tea. ½ cent upon sugar, and 3 cents upon cocoa. The Senate began to talk about these yesterday, but did not proceed far. The taxes are expected to raise about \$86,000,000 rev

The other section is that dealing with increases upon postal rates. The Senate has already killed a provision placing an extra 1-cent stamp upon letters and realizing \$50,000,000 reve-nue. Likewise the provision charging nue. Inkewise the provision charging magazines and newspapers a quartercent extra per pound (\$3,000,000 revenue) and taxing publishers 6 per cent
upon profits above \$4,000 (\$7,800,000
revenue) has been eliminated. In
lieu of all these postal taxes, the
Senate has adopted a "zone" system fathered by McKellar of Tentem, fathered by McKellar, of Ten nessee, and raising \$12,600,000 revenue

May Strike Consumption Tax. It was predicted yesterday that all the consumption taxes and all the

new postal rates, including the Mc-Kellar amendment, would be struck from the bill Monday.
